

THE *Kim Gaither*
Memorial Endowment
AT OKLAHOMA CHRISTIAN UNIVERSITY

Dear Friends:

A little over one year ago, my wife, Dr. Kim Gaither, Oklahoma Christian University alumnus and biology professor, passed away. Kim loved OC and her students. Likewise, the OC family of faculty, staff and students loved Kim. She was a proud part of the great progress OC continues to experience.

Overall, the University has enjoyed strong enrollment growth and strategic capital investment – most notably in student housing. In the sciences, the number of majors has grown almost 50% in the last few years. Fall 2006 began with wholly renovated facilities in the first floor of Herold Science Hall totally funded by private gifts.

Now, we have a great opportunity to honor Kim and further the Christian education programs which she helped to develop and loved so deeply. The next step in the University's Science Facilities Initiative is to build a brand new, two-story, 14,000 square foot wing to expand and improve Herold Science Hall. (Please see the enclosed brochure for details on the Initiative and visit www.oc.edu/sfi to take a virtual tour of the existing facilities and to learn more about the project.) In Kim's honor, we want to participate financially in the building of these new facilities in a very meaningful way.

With \$100,000 a laboratory will be named after Kim. With \$500,000 an entire wing of laboratories will be named after her. And with \$3,000,000 we will place her name on the front of the new building.

It is our hope and prayer that God has blessed you in abundance such that you will be moved to join us in this endeavor. Our goal is aggressive, but our God is great. Please make a generous contribution in Kim's honor. Your contribution will serve students for generations and provide a tangible honor to the memory of Kim's courage and faith. She was an amazing and inspirational example of a faithful life devoted to others and reliant upon God.

You may want to use the enclosed envelope for your gift, or you might want to go to www.oc.edu/kimgaither to learn more about Kim and make your gift on-line.

Sincerely,

David Gaither
